The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

Applicant's amendments of 23 December 2005 have overcome the indefiniteness rejections of record. Applicant's properly executed Terminal Disclaimer of 6 January 2006 has overcome the obviousness-type double patenting rejection of record.

Claims 73-75, 85, 95-96 and 100 remain rejected under 35 U.S.C. 102(e) as being anticipated by Smith (US 5,945,579 filed 05 October 1995), as stated on pages 3-4 of the last Office action.

Claims 73-96, 100 and 112 remain rejected under 35 U.S.C. 103(a) as being unpatentable over Smith (US 5,945,579 filed 05 October 1995), as stated on page 4 of the last Office action.

No claim is allowed.

Applicant's arguments filed 23 December 2005 have been fully considered but they are not persuasive. Applicant urges that the art rejections are improper because Smith is not an enabling reference for transformed poinsettia plants. The Examiner maintains that it is not within his purview to evaluate the validity of issued US patent claims. Every issued US patent including its claims is presumed valid per 35 USC 282, first sentence. Any evaluation of patent claim invalidity is "a matter to be determined by a court" per MPEP 1701. Since Smith explicitly claims methods of producing whole transformed poinsettia, the reference has been properly applied.

**THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
